PLEASE TAKE A MOMENT to tell us how you learned about the Truman Library Institute's Research Grants Program. Your feedback provides valuable assistance as we direct donor-funded advertising. Thank you!

Guidelines: Grants of up to \$2,500 are awarded biannually and are intended to enable graduate students, post-doctoral scholars and other researchers to come to the Harry S. Truman Library for one to three weeks to use its collections. Awards are to offset expenses incurred for this purpose only.

Eligibility: Graduate students and post-doctoral scholars are particularly encouraged to apply, but applications from others engaged in advanced research will also be considered. Preference will be given to projects that have application to enduring public policy and foreign policy issues and that have a high probability of being published or publicly disseminated in some other way. The potential contribution of a project to an applicant's development as a scholar will also be considered. An individual may receive no more than two Research Grants in a five-year period.

Deadlines: April 1 and October 1. The Committee will notify applicants in writing of its decision approximately six weeks after these dates.

Budgets: Are calculated on the following basis: 1) \$175 for any night spent in the Independence/Kansas City area to cover lodging and meals. 2) Airfare based on the best advance coach fare available. 3) The cost of area ground transportation (including in-town rental car) will not be reimbursed.

End-of-Grant Reporting Responsibilities: Grantees will provide the Institute a copy of any thesis, dissertation, and/or published work based in part on grant-funded research at the Truman Library.
